Phase I Lodge Remodel Started

We Need Your Help to Add Kitchen, AC, Historic Windows & Siding in Phase II

If you've visited Camp Pollock in the last month you may have noticed some BIG changes to the 1920's built lodge that stands on the 11 acres along the American River. Otto Construction began Phase I of the Camp Pollock Lodge remodel in May. This first phase includes a complete replacement of existing ramps and stairs, removal of the outer walls to the Boy Scouts of America's "Order of the Arrow Room" revamped as the new "River Deck" which will serve as an outdoor classroom, as well as new and

Lodge with deconstructed end, site of future River Deck

improved access to the restrooms and new floors throughout the main lodge. Upon completion of Phase I, which is scheduled for Sept.

2016, the updated lodge will have a layout and look which more closely resembles the lodge as it was when originally built by the Lions club in the late 20's. We need your help to make additional updates to the lodge. To finish Phase II of the lodge, SVC needs to raise \$75k to add a kitchen, \$50k to add an air conditioning unit and \$100k to replace historic windows and siding. In kind needs include: main lodge flooring, mirrors, lighting and more. Donors, please contact Aimee Rutledge at arutledge@sacramentovalleyconservancy.org or 916-425-5879. Pollock remains open to the public every day of the week from sunrise to sunset during construction. The courtyard and group campsites remain accessible and available to rent for private or public events. The Lodge will be bookable for events following the completion of Phase I.
